Advice for Applicants

29.01.2021

Applications for core grants and students grants from the Ulrike Michal Foundation for the Arts opened on 11th January 2021.

The Foundation asks all applicants to take the following into consideration:

- ◆ The Trustees cannot accept any application that does not include a completed official application form (*)
- ◆ Owing to the covid-19 regulations, the Trustees prefer for all applications to be made in digital format rather than in hard copy.
- ◆ Please follow the advice offered in the guidance booklets available on the foundation's website. It is designed to make the process easier for all.
- ◆ The Trustees are not in a position to offer any additional advice to potential applicants
- ◆ Canvassing will lead to an application being judged as ineligible for consideration.

(alternative arrangements can be made for applicants with a serious visual impairment)*

Deadlines – Please see next page.

The Trustees reserve the right to alter these dates should the covid-19 regulations require such changes. However, the Trustees will still allow twelve months for the delivery of core grant projects and nine months for student grant recipients.

Deadlines – Core Grants
